What makes Happy Meats so Different?

Happy Meat animals are:

- Free-range
- Traditional rare breeds such as Gloucester Old Spot pork and Belted Galloway cattle
- GM free
- Not fed any antibiotics, or other typical growth promoting additives
- Live a longer happier life where their welfare is put first

Happy Meat is:

- Hung really well to be at its most tasty and tender
- Cut up just as you want it – just ask
- Chemical and water free
- We have a wide range of sausages and burgers most of which do not contain any preservatives, colouring or the usual chemical cocktail in ordinary sausages. We can also do them **GLUTEN FREE**.
- Our traditional bacon is home dry cured so when you cook it there will be no watery residue left behind
- We have built a traditional **oak smoke house** and smoke bacon, fish, game, cheese and garlic too

OFFER! 10% off all frozen rare breed meat
